Bailey Stone. Bailey was perhaps the most important reason for the H. Bears late season success. He handled the ball well for quick opening plays of Short & Vice. His best performance was against Austin as he completed 3 out of 3 passes, one for a touchdown

Surely there is no group of people in the school worthier of commendation this year than the Student Council, which has served our school so loyally and faithfully during the past decade.

Under the guidance of their inspiring sponsor, Mrs. Mauryne Dailey, the members of the council have performed innumerable services for the betterment of our school, including the publishing of the Student Directory, daily broadcasts of music to the lunchroom, and sending of get-well and sympathy cards to Austin students who are seriously ill or who have bereavement in their immediate family.

## TEACHERS AND PUPILS

united in work and play

A school is no better than its faculty, so we at Austin are very grateful for our fine teachers. Hardly a student goes through high school without having at least one good friend and adviser on the faculty.

We can thank these understanding, tolerant people who give us the spirit of inspiration and achievement that prevails in our class rooms. They are the ones that show us that learning can be found outside books as well as in them.

For some students this friend is Mr. Sherman, a very versatile personality who for years has been a cultural influence here at Austin.

To them we owe much credit for a successful '47-'48 school year.

## GUYS AND GALS

who compose the student body of Stephen F. Austin.

A chain is only as strong as its weakest link and so it is at Austin. It takes each Sophomore, Junior and Senior doing his part to complete the cycle of the numerous activities of the school.

Some of these will go forward to become business men, while some will become career women, others will take their place as house wives, others in the various fields of endeavor. But whatever the outcome, we all can say "I knew him when . . . ."

"Ah me! Those were the days!" sigh our 1948 graduates as we look back on our last year at Austin.

It started off with a bang, as the various activities kept us constantly on the run.

In December, the first Aloha Prom rolled around and in January, Commencement Day, our mid-term graduates left us. Ole' S.F.A. felt kind of sad after that and very, very proud of our 24 seniors who left then to try their luck in the world, and to use some of the knowledge stored up during their years here.

Early in the spring came the election of our class officers. The races were close and it was hard to choose from so many capable candidates. But when the campaign smoke cleared, we found Truett Airhart the new commander-in-chief. Jack Brandt was chosen vice-president; Virginia Mattiza, secretary; Louis Harvey, treasurer; David Yeager, sgt.-at-arms; Gus Zgourides, lawyer; and Neil Leva, poet.

Our officers were confronted with all the usual problems of a graduating class, plus a few extra ones thrown in because of the hi—gh cost of living. But gradually, plans were made, dates set, and money collected.

There was homework to be done, reports and notebooks to make, and tests to cram for, but we survived them with no casualties. There was at least one consolation, though, because this year our rings were delivered the first part of '48, and when they came, we all walked around with our heads in the clouds. Golly, it's funny what a big thrill you can get from such a little thing as a class ring!

Time fairly flew, and finally, in the latter part of April, the Senior Dance came along. It was held in the Rice Hotel Crystal Ballroom, thanks to the generosity and co-operation of some of the mothers and fathers of Austin students. It will long be remembered as an extra special event in the hearts of all those who attended.

In the "merry month of May", the ole' joint really began jumpin'. On the tenth, the annual Senior Banquet was held, where toasts were made to the health, happiness, and prosperity of all of us leaving Austin at the end of the term. On the twenty-second, we had our second Aloha Prom for the year in the gym.

For the annual picnic, we all journeyed down to Lyondell Park for a day of real fun. May 28, Senior Day, will long be remembered in the hearts of the class of '48. Class Morning brought the Senior Play and an all-round wonderful program. That night our families and friends proudly watched as 340 of us guys and gals solemnly received our diplomas.

So we lined up for the last time together. Now we have only fond memories of a perfect senior year.

Editor-in-Chief, "The Corral"
STEPHEN F. AUSTIN SENIOR HIGH SCHOOL

Houston 3, Texas

Dear Mr. Burkhalter:

It has been a great pleasure to select the beauties for your yearbook, "The Corral." The photographs of the candidates, which you submitted, were all so attractive that I found it difficult to make a decision. It was also difficult to make my selection without seeing and talking to each contestant.

The winners were selected on the basis of personality, character, and intelligence, as well as for natural beauty. My choice was influenced, of course, by my great interest in and admiration for the Natural Girl.

If the contestants are ever in New York, it would be a pleasure to meet them. With best wishes to the contestants, to the staff of the "Corral" and to the students of STEPHEN F. AUSTIN HIGH SCHOOL, I am

Sincerely yours,

John Robert Powers

## COACHES AND PLAYERS

who have represented our school in all the sport events of this year.

Under ceaseless guidance from our three coaches, the Mustangs have undergone stiff training, displaying well-planned and carefully executed maneuvers in all fields of sport participation.

Football, basketball, track, baseball or what ever the sport, our team played a clean, hustling, colorful game.

It was the fine cooperation of our coaches and players and their sincere earnestness to bring glory to Austin that kept the ole' green and white spirit forever flaming.

On the shoulders of our six swell cheerleaders, fell the responsibility of letting the fellows know we were for 'em. Their mission was successfully accomplished this year, for the student-body was backing them up 100 per cent.

# FOOTBALL

Getting the East End Championship back in safe hands was the highlight of the 1947 season for the Mustangs. Bad luck hit the team with injuries and limeburns in our first game with Texarkana, but from there we went on to win four of our ten games. The Ponies placed three of their number on the all-city eleven. Prospects look bright for the '48 season, because, of the seven lettermen returning to Mr. Scott and Mr. Dowling, four were on last year's starting line-up.

# T R A C K

As this section went to press, the Pony cindermen were trying hard to get in shape, although the weather would permit only two or three days of practice a week. The team had lost three promising men by disabilities. Although the '47 team didn't repeat copping the State Championship, we won more trophies than in any other year. Spurred by its will to win and backed by plenty of school spirit, the '48 team's success was almost a sure thing.

# BASEBALL

Baseball makes progress! Although last year was our first in high school baseball competition since the war, the Ponies finished in second place after a two out of three game play off with San Jac. With two all-city boys among the six returning lettermen, the '48 team was expecting an even more successful season than the last.

## SPONSORS AND ORGANIZATIONS

which provide the social life for S.F.A.'s student body.

Most of the clubs to which we belong were founded along with the school and have become a vital part of its existence.

It is the high standards upon which each club is built and the principles each upholds that have created the character of Austin.

This year our organizations, have undergone great expansion in keeping with the ever-changing world. It is their continual progress that will set higher goals of achievement for future Austinites.

MISS KRIS WILLIAMS

*Left to right*: Jeanne Alice Lewis, Fall Editor; Gloria Branyon, Spring Associate Editor; Miss Williams, Sponsor; Patsy Cain, Spring Editor.

The Austin Round-Up staff and its popular new sponsor, Miss Kris Williams, form an organization worthy of much praise.

For eleven years the Round-Up has succeeded in creating a better understanding between the students and faculty at Austin. The various sections of the paper include formal and informal feature stories, personality columns, sports comments, editorial discussions of current problems at Austin, society and club news, and specially-drawn cartoons.

The circulation at Austin this year was about 1000 and almost 100 copies of each issue were sent to other high schools in the United States.

Austin's top-rate drill squad, the Scottish Brigade, gained more admirers than ever before during this eleventh year of its existence. The Brigade owes most of its national fame to the beloved organizer and sponsor, Miss Beatrice Lytle, and its music director, Mr. Michael Spampinato.

The Brigade's precision-timed performance was synonymous with each Mustang football game. Perhaps the most memorable performance of t year was at the annual Shriners Ba when the Brigadiers presented unusual Irish theme. The last pe formance of the year was at t Austin-Reagan pre-season baseb game.

In addition to these drills, t Brigadiers participated in an info mal initiation at Lyondale Park the end of the summer, the annu Flag Dance at Ripley House, a Wednesday afternoon bowling.

Each company enjoyed numero slumber parties throughout the ye and the "Brigade Follies", put on April, was another highlight of t year.

April brought the installation new officers for the 1948-'49 seas and the unhappy leave-taking of t Seniors.

Under "Spamp's" able direction, these talented musicians really shone on both the fall and spring auditorium programs presented annually by the instrumental music department. Each was thoroughly enjoyed by the whole school, and the only complaint was that they couldn't have been twice as long.

Be it Sousa or Kenton, the auditorium rings with trills, paradiddles and triplets th period every day, which to all Austinites indicates "Stamp" and his Mustang Band. are proud of the "Honor Award" plaque which the band brought home from the Sou west Band Festival. The fable goes "third time's charm" we hope to bring back the th State band trophy from Huntsville this year and as this copy went to press, we st more than a good chance.

In addition to the winning of the plaque at Conroe, we are proud to praise them their exceptionally well executed performances on the gridiron when they waltzed to "Whiffinpoof Song" and formed the heart in time with "Peg of my Heart". Our mo still stands—"for the best in music—The Mustang Band!"

# SENIOR SUB-DEBS

MRS. MARJORIE B. DYER

This year was a fine one for the Senior Sub-Debs, who had a record membership of over seventy-five girls. These fiendish gals started the year with their informal initiation of the Junior Sub-Debs out at Hermann Park. To celebrate the Christmas season, they gave a formal dance in the gym, and as is customary, invited the Juniors. In January, a banquet for the formal initiation of the Juniors was held at "Ye Old College Inn", and later in the year the girls had a big picnic and swimming party out at Lyondell Park, which topped off an activity-packed year.

"Boy, did you see so-and-so? Wasn't she a scream in that long red underwear?" These and similar comments were the talk of the school after the informal initiation of the Junior Sub-Debs by their big sisters out at Hermann Park. These lovely lassies were stunningly attired in everything from gunny sacks to evening dresses, according to the fiendish whims of the Seniors.

The year's program included a Christmas tea, a "backward" Valentine dance at Ripley House, climaxing the year was a picnic at the pool of Lyondell Park.

# MUSTANG BOOSTERS

MISS RUTH GREENHILL

By far the largest club at Austin, the Mustang Boosters this year have out-done themselves again, with a total membership of about 750, a hundred over last year's record number.

We have this club to thank for so successfully keeping up the morale and spirit of ole' S.F.A.

In the fall the club kept a roped-off cheering section which was always filled to capacity at our football games with loyal Boosters whose enthusiasm never died regardless of the game's result. This year saw the return of the extra long ribbons, which made quite a hit with all the guys and gals. Aside from the sale of these, the club was also responsible for decorating the goal posts before every game. At the end of the season the club honored the "A" team with the Bronco Whirl which was a big success. Not to be forgotten is the huge bonfire held out in Garden Villas, before the last Lamar game.

Later in the year, the Boosters sponsored the Christmas post office, and then in February the Valentine post office. Aside from these activities the club annually presents sweaters and letters to the year's cheerleaders. Unanimously we agree that the Mustang Boosters have done a fine job helping to make this school year a great success.

Responsible to a great extent for the achievement and accomplishment of Austin's largest club is its dynamic sponsor, Miss Ruth Greenhill.

# MUSTANG MOUNTIES

MRS. E. C. GATES

"Pull in your elbow! Sit up in that saddle! That's right. Now let's canter. Loosen that rein." These are but a few of the typical remarks that can be heard when Mrs. E. C. Cates and the Mustang Mounties venture out to Palace Riding Stables after school on Wednesdays and Fridays and on Saturday mornings for their weekly ride.

The girls learn perfection in riding habits and form. At the end of the year, letters are awarded to qualifying members.

The Mounties held a banquet on December 12, at Ye Old College Inn, and in the spring they held their annual picnic.

# ROLLING PONIES

MISS ADELE WAGGAMAN

The rolling ponies, with a strength of 64 members, has 16 teams which bowl in inter-school competition every Thursday at the Recreation Alley.

The Bowling Club, the first league introduced into a high school, was organized by its present sponsor, Miss Adele Waggaman.

Since then all other high schools in Houston have followed suit and prospects are bright for future regularly scheduled matches between schools.

Letters are awarded at the end of each semester to the top bowlers in the leagues.

# FIRE PATROL

MR. JAMES GOETTEE

The silent air was pierced by four shrill blasts of a bell! Hundreds of solemn-faced individuals marched slowly and silently out of a large, three story brick building.

What was going on? Why, a fire drill at ole' S.F.A., what else! 'Course there was no fire—just another false alarm, but the boys on our fire patrol are always ready in case there is one just the same.

"Ahem! Sign here, please." (No response).

"HEY YOU! COME SIGN THIS SLIP. WHERE'S YOUR ADMIT?"

"Oh, are you speaking to me?" See? This is what happens when you try to slip by the ever watchful hall monitors between classes. Honestly, they always catch you sooner or later.

# QUILL AND SCROLL

MISS KRIS WILLIAMS

Austin's chapter of the Quill and Scroll was organized along with the school in 1937 to acknowledge superior literary work of students working on school publications.

These students rank in the upper third of their class, and have had samples of their best work approved by the national headquarters at Northwestern University.

This year, the organization decided to be more active, and indulge in quite a few socials. In the fall, a Mexican banquet was given, followed by a series of parties and picnics, and concluded the year's activities with a party at the bay, to bid the senior members farewell and to initiate the new officers for next year.

*Standing*: Pat Stratton, John Crahan, Martel Cullen, A. C. Burkhalter, Jeanne Lewis, Kathleen Kasper, Zaidee Guerin, Millard Payne, Joe Provenzano, Miss Williams, Dwight Barrier.

# GREEN MASQUE PLAYERS

MISS BEATRICE HARRISON

"Curtain going up. On stage everybody." These are familiar phrases to the Green Masque Players under the direction of Miss Beatrice Harrison. The co-operation and mutual dependence between the cast and technical staff is invaluable training for future years. This year the group presented four plays in addition to the senior play. They were "The First White Woman", "Buffulmacchos Jest", "Evening Dress Indispensable" and "Quinby Comes Across".

# THE GAVEL CLUB

MRS. FRANCES DEMENT

Probably Austin's fastest growing organization is the Gavel Club, which this year reached the unprecedented total membership of over 100 speech students, former speech students, and other people interested in speech activities.

The Club constitution was changed this year to provide for a board of directors, consisting of three members chosen from each class, which attends to the club's business, leaving the regular meetings of the whole group free for other activities.

Every six weeks the entire group held a meeting at Ripley House, where enjoyable programs were put on. Several educational movies, two book reviews and a play staged by the Dramatic Department were the highlights of these meetings. After many of these programs, hot dogs and chili or spaghetti dinners were served, much to everyone's delight, and later in the evenings there was dancing for all those who cared to join in.

On December 12, the semi-annual banquet was held in the private dining room at Bill Williams' honoring the mid-term graduates. The spring banquet was also held at Bill Williams', at which speech letters were awarded to the outstanding speakers of the previous semester.

Mrs. Dement, the sponsor, has built it up from the 20 members of a few years ago to its more than 100 members today. These students unanimously agree that it is largely through her guidance and efforts that the Gavel Club has rightfully taken its place as one of the outstanding organizations at Austin.

A growing, going, doing organization . . . . that's the Austin Reserve Officer's Training Corps. Potential Officers for our Country's defense, together in work and play.

This year was one of interest, and activity, of growth and expansion. Inspections, parades, exhibits and lectures were the work. But for the fun, boy! we had plenty. There was bowling, baseball, instructive movies, "playing" with all the guns and equipment, picnics, and even a fishing trip in the Gulf for those top five boys who sold the most hearts in the Veteran's Administration heart sale.

Our Cadet Dance in February was a huge success with the Officer's Ball following in April.

So along came the Federal Inspection, and the review at the High School Stadium to round out our year in the "Army".
